	Each official record of a scheduled monument contains a map. New entries on the schedule from 1988 onwards
	include a digitally created map which forms part of the
	official record. For entries created in the years up to and including 1987 a hand-drawn map forms part of the
$\frac{\partial (h)}{\partial h} = \frac{\partial (h)}{\partial h$	official record. The map here has been translated from the official map and that process may have introduced
