Each official record of a scheduled monument contains

a map. New entries on the schedule from 1988 onwards include a digitally created map which forms part of the official record. For entries created in the years up to and

including 1987 a hand-drawn map forms part of the

official record. The map here has been translated from the official map and that process may have introduced inaccuracies. Copies of maps that form part of the official record can be obtained from Historic England.

This map was delivered electronically and when printed may not be to scale and may be subject to distortions.

All maps and grid references are for identification purposes only and must be read in conjunction with
