grid references do not form part of the official record of a listed building. In such cases the map here and the national grid reference are generated from the list entry in the official record and added later to aid identification of the principal listed building or buildings. For all list entry in the national grid reference do form part of the official record. In such cases the map and the national grid references are to aid identification of the principal listed building or buildings only and must be read in conjunction with other information in the record. Any object or structure fixed to the principal forms part of the land and has done so since before 1st July, 1948 is by law to be treated as part of the listed building.		Heritage Category:
